The dead sea : the earth's precious wellspring of vitality
The dead sea is a natural basin containing the highest concentration of mineral in the world – an astounding 32% - and is renowned for its unique curative power and cosmetics effects on skin rejuvenation . Muhtaseb Cosmetics, creators of 7Elements extensive line of mineral-based skincare product , harvests natural treasures from this magical region in a responsible manner and scientifically enhances them to cosmetics perfection

We dedicated to studying this world wonder and delivering its wondrous effects to you for a phenomenal experience, every time.
